

SLIDING & SWING DOORS

**You just might be surprised  
by how much of the world  
you've been missing.**

Open a room and bring more light into your world. Nothing transforms living spaces like a Simonton Impressions® French sliding or French swing door. Created from premium vinyl profiles that will never rot, warp or require painting,

Simonton Impressions®

doors are virtually

maintenance free. Plus, advanced features make the Impressions door energy efficient, strong and safe, while various options help you create a look that complements your personal style.

**French Sliding Door** Innovative features make the Simonton Impressions® French sliding door the perfect choice for unique style, energy efficiency and peace of mind.

### Features

#### **Fusion-welded Panels**

The 45-degree panel corners are fusion welded to effectively stop air and water infiltration.

#### **Multi-point Locking System**

Firmly secures panel at multiple points with one easy-to-use handle.

#### **Reinforced Meeting Stile**

Reinforced with steel for extra strength.

#### **External Keyed Lock**

Permits the door to be locked and unlocked from the outside.

#### **Fin Seal Weatherstripping**

Creates multiple barriers against air and water infiltration.

#### **Corrosion-resistant\* Rollers and Sill Track**

Provides consistently smooth operation for the lifetime of the door.

**Full Interlock** Overlaps and interlocks the stile for a weathertight seal.

**Tempered Glass** Double-strength tempered glass for increased safety.

**Screen** Extruded screen frame provides added strength and rigidity.

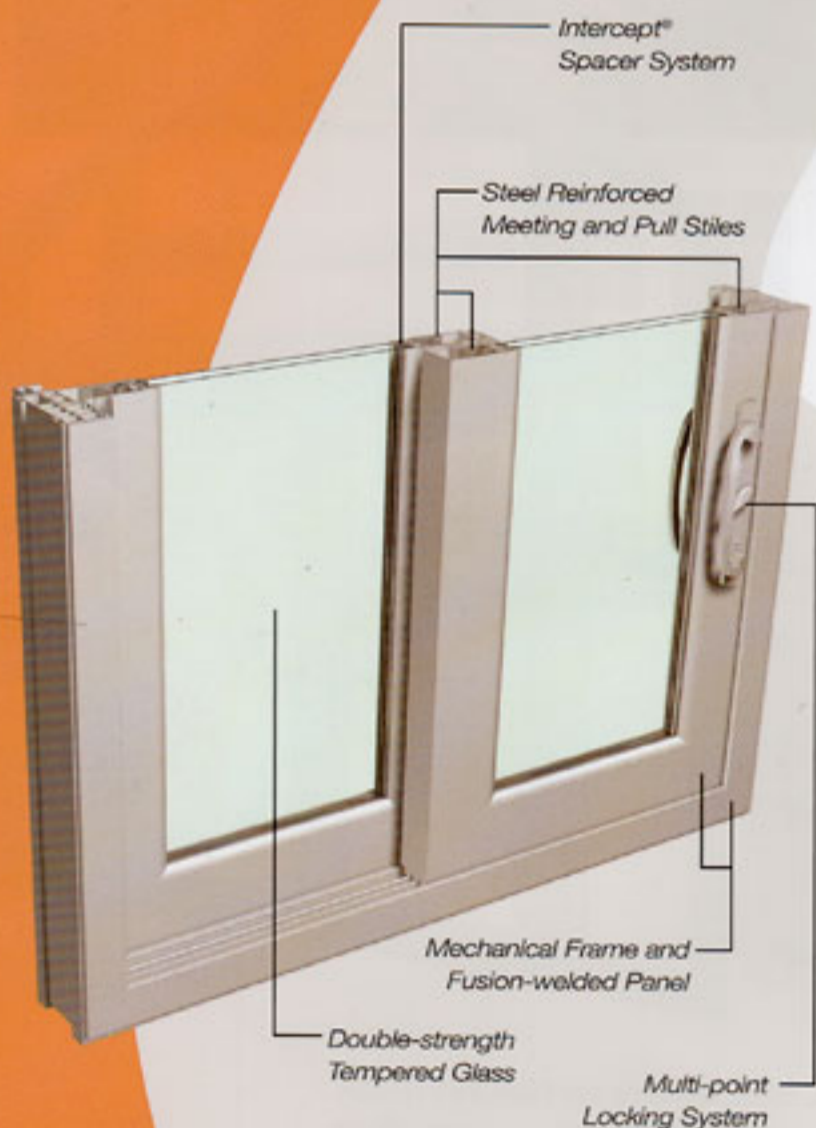

#### **Sliding Patio Door Alternative Style**

### Options

**Interior and Exterior Brass Handles** For an upscale appearance.

**Stainless Steel Lock and Handle** Appealing classic look resists corrosion.

**Stainless Steel Rollers** Preferred for coastal applications.

*Thinner frame with larger sight lines is an available option for more contemporary home designs. These sliding doors feature an integral nailing fin and J-channel for easy installation.*

\*Corrosion-resistant refers to use in normal weather conditions without excess salt and debris in the atmosphere. Corrosion of rollers may occur in coastal applications or in areas with extreme fluctuations in weather patterns.

SLIDING & SWING DOORS

**French Swing Door** Looking for sophistication and practicality? The Simonton Impressions® French swing door has the style you want and the strength, durability and energy efficiency you need.

**Features**

**Multiple-chambered Frame & Panel Profiles**

Chambered lineals increase strength and thermal performance.

**Fusion-welded Corners**

Panels feature 45-degree fused corners that effectively stop air and water infiltration.

**Schlegel Q-Lon™ Weatherstripping**

High-performance weatherstripping completely insulates door panels.

**Internal Weeping System**

Sloped sill design moves water away from the door.

**Sill Weatherstrip**

Ultra-resistant to wear and tearing.

**Tempered Glass** Tape glazed, 7/8" unit enhances energy efficiency.

**Continuous Fixed**

**Geared Hinge** Provides maximum joint strength, eliminates panel sag and ensures a weathertight seal.

**Swing Options** Hinge can be reversed to allow doors to swing in or out.

**Flush Bolts** Additional feature on head and sill of door.

**Options**

**Extruded Aluminum Screen**

Features adjustable rollers for incredibly smooth operation.

**Decorative Handle** Additional faux handle gives uniform look to secondary door.

**Energy Efficient Glass Options** Optional energy efficient glass can be added to all French sliding door styles. Choose from Sensor Glass™, Super Sensor Glass and Super Sensor Plus™ Glass for maximum energy efficiency. Consult your Simonton Impressions® authorized dealer for a list of features within each package.

The continuous fixed geared hinge has been certified to be fully functional after 1.5 million opening and closing cycles.\*\*

A solid brass center deadbolt and keyed lock provide maximum protection.

All Simonton Impressions® doors can be ordered to meet ENERGY STAR® guidelines.

\*\*Applicable with a maximum panel weight of 150 pounds.

**Warranty** Simonton Impressions® windows and doors are backed by a comprehensive Lifetime Limited Warranty that covers the vinyl, hardware, screens and glass units.
